

ANNUAL REPORT
of the
BOARD of EDUCATION
of the City of
PLAINFIELD, NEW JERSEY

Year Ending June 22, 1932

BOARD OF EDUCATION**Plainfield, N. J.**

Board of Education, Plainfield, New Jersey.

Gentlemen:

In presenting this, my sixth annual report, I wish to express my appreciation for the enthusiasm which has prevailed in the teaching and administrative forces during the year. The unusual economic conditions have increased the opportunities for both educational and social service to the children and youth of Plainfield. As a result of the deliberate efforts of teachers and principals to ameliorate upset home conditions, there was developed the finest spirit of human understanding that we have ever enjoyed in the school system.

Economic conditions have also brought closer cooperation between parents and teachers. The parent-teacher associations have been closer to the problems of the schools than ever before, and have given a great amount of direct aid to their respective schools. They have also given generous support to the Children's Relief Committee, which was the central agency for furnishing lunches to all children,—except to those of the Evergreen School,—who might have suffered in their school work on account of poor nutrition. The Evergreen School Parent-Teacher Association assumed the responsibilities of its school and gave direct aid from the lunch room operated under its supervision. I consider the work of the Children's Relief Committee so important and effective that I am including in full the report of its President, Mrs. Frederick W. Goddard. It gives a comprehensive account of the Committee's work and records the organizations and individuals whose assistance was so valuable in carrying through a project of such benefit to the system. Her report follows:

"The Children's Relief Committee began its second year of work on November 16, 1931, feeding daily meals to 200 undernourished school children in the Plainfield Public Schools. By January 25th, the number had increased to 465 and during April, May and June, 600 children received free lunches daily in the Jefferson, Washington, Irving, Bryant, Stillman, Lincoln and Emerson Schools. During the Winter,

the children gained from three to eleven pounds each. Two of the schools sent the following reports typical of the seven schools:—

Emerson School greatest gain, 11 lbs., next 10 lbs. 3 children gained 6 lbs., 6 children gained 5 lbs., 8 gained 3 lbs.

Washington School. Of 38 children weighed in December and again in May, 12 gained 5 lbs. or more, 14 gained 3 to 5 lbs., 12 gained 3 lbs.

200 children who have not made as much progress as the others will receive a pint each of the best raw milk daily during the summer. The school nurses, Miss Boice and Miss Whitford, have volunteered to visit these 200 children during the vacation.

The serving of lunches to undernourished children for the season of 1931-32 was made possible by a contribution of \$1000 at the beginning of the year, by the Teachers' Club of Plainfield. In addition to this, the teachers also made a monthly contribution of \$500 to carry on the work. This generous gift enabled the Children's Relief Committee to extend its work to the seven schools now on the free lunch list. Besides the donation of money, the teachers gave even more generously of their time. In every school either one or two teachers supervised the children during the meal hour,—greatly aiding the member of the Committee in preserving order and encouraging good behavior and cleanliness.

The Committee employed seven women in the schools to heat the broths, serve the meals, and wash dishes, and two women in the High School to prepare the soups.

One truckman was employed to carry the cans of soup to the schools. The salaries of these employees were paid by the Emergency Relief Committee who supplied the workers from their list of unemployed.

The Junior League sent its members to assist in serving the children in Stillman and Washington Schools. The members of the League showed special interest in the welfare of the children and were unfailingly kind and sympathetic in their relations with them.

A financial report for the season from November 16, 1931 to June 17, 1932, follows:

Receipts

Nov. 1, 1931—Cash on hand	\$ 76.61
Subscriptions from individuals during year	1,415.95
Teachers and supervisory force of the Plainfield Public Schools	4,000.00
Various associations, etc.	1,720.34
Wages paid by Emergency Relief Committee	1,944.40
	<hr/>
	9,157.30

Disbursements

Wages—including wage of one woman paid by the committee	\$2,578.40
Food and supplies	4,035.53
Printing, postage, etc.	22.85
Compensation insurance	23.98
Shoes and stockings	326.26
Rubbers	144.37
	<hr/>
	\$7,131.41
Balance on hand—June 20, 1932.....	<hr/> \$2,025.89

This balance will be used to provide milk for 200 children during the summer and to pay \$6.00 a week to seven employees who are mothers with young children and no other means of support.

In addition to the support given by the teachers, the Emergency Relief Committee and the Junior League, the following organizations and clubs contributed to the free lunches:—

- Hubbard School Parent-Teacher Association.
- Plainfield Women's Republican Club.
- Lincoln School Parent-Teacher Association.
- Friendship Circle of Kings Daughters.
- The Reader's Club.
- Miss Emma Koch, Sunday School Class, two donations.
- Girl Scouts, Troop 11, Maxson School.
- Sisterhood of Temple Sholom.
- Graduate Nurses Registry Association.
- Mrs. Carvalho and Mrs. Dixon, Sunday Supper.
- Mrs. Carvalho, Card party.
- Jefferson School Parent-Teacher Association.
- Class 5 B, Hubbard School.

Elm Twig, Women's Auxiliary, Muhlenberg Hospital, 2 donations.

Plainfield Garden Club.

High School Parent-Teacher Association.

League of Women Voters.

Muhlenberg Hospital Alumnae Association.

Jackson Bible Class, First M. E. Church.

Borden's Farm Products Company employees.

Loyal Daughters Circle, Kings Daughters.

Business and Professional Women's Club.

St. Agnes Guild, Holy Cross Church.

Plainfield Chapter of Hadassah.

Women's Society, Seventh Day Baptist Church.

Plainfield Section, National Council of Jewish Women.

The Play Club.

5th Grade Children, Crescent Avenue Church.

The Parent-Teacher Association of Evergreen School did not contribute toward the free lunch fund as it ran a cafeteria for its own children and took care of their own undernourished children.

There have also been many donations from individuals ranging from \$1 to \$100.

Besides food, the Children's Relief Committee has provided for the needy children, 210 pairs of stockings, 105 pairs of shoes and 150 pairs of rubbers. A special gift of \$50.00 was made by the Readers' Club of Plainfield to the fund for rubbers.

It is estimated that from 800 to 1,000 children will need the free lunches during the coming winter. In anticipation of this, the Committee has arranged to start the lunches on September 12 and has made provision to feed each group of children in its own school where food will be cooked to supplement the broths that will continue to be prepared at the High School. Each school will be a separate unit, with its own kitchen, cook, equipment, and service, receiving twice a week broth from the main kitchen at the High School, on other days preparing meat and vegetable dishes, desserts containing milk, stewed fruit, rice or spaghetti dishes. Tentative menus have been worked out under the supervision of Miss Fanning, Head Dietician of Muhlenberg Hospital. The Hospital will cooperate with the Children's Relief Committee by instructing the cooks in the preparation of several simple nourishing dishes. The instructions will be given in the diet kitchen of the hospital under the supervision of Miss Fanning.

The Franklin School children have been using the basement of the Stillman School as a lunch room. Owing to a large increase in the number of children needing food in this section of the city, the present lunch room is too small. It has been necessary to provide outside accommodations for the children and this the Committee has been able to do through the generosity of the Plainfield Junior League, who have rented a store in the immediate vicinity of the Franklin School. This will be known as the Junior League Branch of the Children's Relief Committee. Miss Esther Barlow, a member of the Junior League, will be in charge, and other members of the League will serve and care for the children. The cooking, preparation and planning of meals will be the same as in the schools and, like them, will be under the supervision of the Committee. The Junior League will care for approximately 100 children daily.

The members of the Children's Relief Committee who have carried on the work during the winter are as follows:—

Miss Esther Barlow, Junior League
Mrs. Stuart Bavier, Parent-Teacher Associations
Miss Margaret A. Caskey, Teachers' Club.
Mrs. Mary deP. Charles
Mr. F. W. Cook, Supt. of Schools
Mrs. Daniel Ginna
Mrs. Frederick W. Goddard, President
Mrs. Frederick Mead
Mrs. C. G. Munro
Mrs. Harlan Pratt, Emergency Relief Committee
Mrs. E. A. Quarles, Board of Education
Mr. Frederick Goddard, Treasurer

Chairmen in charge of schools:—

Mrs. VanT. Boughton	Jefferson Parent-Teacher Assoc.
Miss Esther Barlow	Franklin
Mrs. Horace N. Stevens	Bryant Parent-Teacher Assoc.
Mrs. Charles Deats	Emerson Parent-Teacher Assoc.
Mrs. Russell Doeringer	
Misses Elizabeth and	
Mary Louise McGee	Washington
Mrs. R. Gregory Page	Irving
Mrs. Roy B. White	Lincoln

In closing its report of the winter's work, the Children's Relief Committee wishes to express its deep appreciation of the encouragement and understanding it has met on every side.

The splendid cooperation of the teachers of Plainfield has made the feeding of the children a far easier task than one would expect. At every step they led the way with valuable suggestions and with sympathetic advice and help.

The Junior League has also been of the greatest assistance in looking after the children. In forming a branch to share the work of the Committee in feeding a larger number of children, they have given their aid at a most opportune time.

We also extend our sincere thanks to the organizations who have contributed to the lunch fund and to those individuals who have given so generously not only of their money, but of their time and interest in helping the weak and undernourished children."

The usual financial and statistical reports of our school system are appended hereto.

In these times of special interest in costs of education, as well as in other departments of government, I have thought it proper to submit analyses of costs, tax rates, bonded indebtedness and enrollments.

A serious problem for all school districts in recent years has been caused by the marked increase in high school enrollments. The public school system is based on the belief that universal education is the foundation of democracy. The people, through the state legislature, have extended the compulsory education law to children of 15 years of age. Commerce and industry have, in increasing degree, set up a requirement of high school education for employment of young men and women. The inability to secure positions during the last two years has caused a greater number to remain in school. Over the past ten years, these factors have brought about an increase of 126% in our High School enrollment, while the elementary and grammer grades have increased only 16.7%. A table of enrollments is given below showing the growth in the two departments.

AVERAGE ENROLLMENTS - 1921—1931

	Total	High School	Elem. & Grammar
1921-22	5205	655	4550
23	5387	732	4655
24	5584	769	4815
25	5701	798	4903
26	5872	838	5034
27	5972	844	5134
28	6090	983	5107
29	6354	1118	5236
30	6423	1259	5164
31	6603	1361	5242
32	6792	1480	5312

In this period a total increase of 1587 is shown, 825 or over half of it is in the High School, and 762 in the elementary and grammer grades.

The remarkable increase in the High School population has a significant effect on school costs. The fact that secondary school education is more costly, needs no comment, and it is to be expected that the total costs will have increased to a great extent while this growth in the system has been taking place. By reference to the table, one can note that in the period 1925-1932, the High School increased from 798 to 1480. This period has been used because from 1925 on, conscious attempt has been made to accommodate the growth in school population without increasing the school tax rate.

In 1925 the local tax rate for school purposes was \$1.24 per \$100. Five years later the tax rate was \$1.16, while the enrollment had increased 722. For the year 1932-33, the rate is \$1.09. Below are given the total tax rates and schools rates for 1925 and for 1932.

	1925	1932		
Local tax rate	3.63	3.73	Increase	.10
Local school tax rate	1.24	1.09	Decrease	.15

The average enrollment for the year 1932 was 6808, an increase of 170 over the previous year. An increase of about 200 is anticipated in the High School enrollment for 1932-33, bringing it up to 1700. Under the old organization, it would have been impossible to accommodate that number. The

difficulty was met by eliminating mid-year promotions, and by adding another period to the school day. The change effects an economy in teachers' salaries, since the teachers will have seven period daily duty instead of six.

The seating situation will continue good. There will be no part time in the system, with the exception of two classes in the Maxson School. In all other elementary buildings, plenty of room will be available.

The system is fortunate that it is in such good position in its building program. The buildings and additions constructed in the last few years have provided for increase in enrollment, and after two years of no construction, they will still meet the requirements of an unusual load in the High School.

Although the building program is advanced to a point where it can be suspended for a time without serious results, the school debt compares favorably with other districts in this section of the state and especially in its relation to total bonded debt of the community. Plainfield's ratio of school debt to the total debt is among the lowest in Union County.

I wish to record the retirement of Miss Eleanor T. Wilber, a teacher in the Evergreen School, after thirty-seven years of conscientious and effective service to the children of Plainfield. She ends her time of service with the sincere regard of her co-workers and supervisory officers who wish her many years of rest and happiness in her retirement.

The unexpected deaths of two of our teachers came during the year as a shock to their pupils, associates, and friends. Miss Bessie Wright of the second grade in the Evergreen School possessed in the highest degree all the desirable qualities of a teacher. In her passing, the system suffered a distinct loss.

Howard vanDeusen, a teacher in the Commercial Department of the High School, was a genial associate, a sympathetic and understanding teacher, and did his most valuable work in counseling boys and girls about their personal and vocational problems. His death caused a vacancy which will be difficult to fill.

Respectfully submitted,

F. W. Cook

AUDITOR'S CERTIFICATE

I CERTIFY that in my opinion the statements annexed hereto present a correct summary of the receipts and disbursements of the Board for the school year ended June 30, 1932.

A. VAN NOSS

Member of the American Institute of Accountants.

New York,
July 27, 1932.

ANNUAL REPORT
ATTENDANCE OFFICE
BOARD OF EDUCATION
PLAINFIELD, N. J.

To the Board of Education:

A few points of summary in the past year's work on School Attendance and Child Accounting seem pertinent to include with a brief statistical report.

For professional help and inspiration, the New York state Conference of attendance workers was attended at Ithaca, N. Y. last July. The purpose of the week's meetings, held in collaboration with the Cornell School of Education, was to determine the types of education most needed by attendance workers. Such courses are to be started at the Cornell Summer school this year under the direction of the New York State Director of Attendance, Dr. Mosher.

A six week's course on Methods of Social Case Work at the New York School of Social Work inspired us to attempt a different sort of record keeping. Formal, brief attendance reports are kept as usual—but the family histories, which teachers need more and more in problem cases, are kept in the complete running case record style used by social agencies—available for ready reference. This method is an economy of effort and more useful for large family records, where several children attend different schools. We were asked to clear our records through the Central Index, which is helpful in cooperation with local agencies.

Service as chairman of the Child Welfare Committee of the local League of Women Voters has been helpful in studying local and state problems of child welfare—legislation needed and proposed. Our committee has cooperated with the State Social Hygiene Committee of the League in organizing and making a study of children who left our Special Opportunity School five years ago. The purpose is to measure the success of these pupils in adjustment to community living, since they left school at 16 years of age, limited mentally, and

retarded at least three years academically. A complete questionnaire was evolved and tabulations and conclusions will be completed in the early fall. This study is approved by, and results will go to Mr. Spargo, Assistant Commissioner of Education. We appreciate the access to records given by Mr. Cook, Superintendent of Schools, and by executives of the C. O. S., Probation, and local and county court offices.

The year's percent of attendance for all schools has been particularly good considering the unemployment of parents and older members of families. Of course, without the help of organized relief, this would have been impossible. The C. O. S., Mount Carmel Guild, Emergency Relief Committee, and the Girl Scouts gave twice the amount of help in referred cases this year. The work of the Free Lunch Committee, made possible by the contributions of the public school teachers, provided an extra incentive for school attendance and improved the morale of many families.

The truancy cases increased far too much showing that we need quicker follow-up of reported cases, which is absolutely impossible where **one visitor attempts** to cover the entire city with 12 grade schools, 2 parochial schools, 1 continuation school, and 1 High School—representing a school enrollment of approximately 8,500.

The Juvenile Court completed a year under a full time Judge in May. Although improved in usefulness, it still comes far short of the ideal in giving constructive help on cases needing thorough and careful supervision of the Probation Department. Furthermore, the county court has not yet taken over all domestic relations cases of the county, as the law provides. If done this would be of greater help in juvenile cases—since nearly all juvenile delinquency originates in broken homes. Fourteen complaints were made; twenty-three hearings held; four minors were committed to State institutions—two girls for immorality and improper guardianship, and two boys for vagrancy, truancy, and improper guardianship.

We regret the need for re-organization of the State Psychiatric Clinic in January 1932, as such a clinic is of little value without social workers and with the long delay in completing examinations. Possibly we ask too much of the State to provide the free service of a complete mental hygiene clinic, but such a clinic is badly needed in the community.

Several cases of local school children have recently brought to our attention the wholesale evasion of PL. 1911, P. 207: "It is not permitted for children under 16, unaccompanied by parent or guardian or adult friend with consent of parent or guardian, to attend theatres or moving picture shows." (Should not carnivals, wrestling matches, etc., be included,) Would the Board of Education deem it wise to appeal to the various service clubs to awaken public sentiment for enforcement of this law for the welfare of children?

Respectfully submitted,

DOROTHY S. PUTNAM
Attendance Supervisor

June 14, 1932

ATTENDANCE SUPERVISOR'S REPORT

Year 1931-1932

1. Cases reported for investigation:

Bryant	54	Maxson	104
Lincoln	75	Irving	72
Franklin	124	Jefferson	167

Mathematics

The Dr. C. H. Stillman Prize, Given by Mr. Wm. M. Stillman.

Senior Scientific Mathematics, fifteen dollars in gold.

David Gildea

Senior Classical Mathematics, ten dollars in gold.

Betty Jane Donley

English Composition

1. The George H. Babcock Prize, given by Mr. George L. Babcock, to the pupils of the three upper classes writing the best compositions.

First Prize, fifteen dollars in gold
Eloise Courter

Second Prize, ten dollars in gold
Matilda Squires

Honorable Mention
Hilda Caldwell
Marjorie Clark

2. The W. C. T. U. Prize, for the best essay on a given topic
Prize, five dollars in gold
Upper Classmen, Thomas Neill
Lower Classmen, Shirley Selbie
Honorable Mention
Marion Fielding
Dorothy Morris

3. The Courier News Prize, for the best essay on a topic relating to Municipal affairs, written by a member of the Senior Class.

Prize, ten dollars in gold
Hazel Bavier
Honorable Mention
Vernon Bavier

Translation Prizes

Given by a friend for the best translation of assigned passages.

1. Virgil — Medals of American Classical League.

First Prize—George Hennig
Second Prize—Betty Jane Donley
Honorable Mention—Ruth Fowler

2. Cicero — Books

First Prize—Elizabeth High
Second Prize—Molly Mintz
Honorable Mention—Florence Perlmutter

3. Caesar — Books

First Prize—William Rossky
Second Prize—Kenneth White
Honorable Mention—Margaret Evans

Science Prizes

1. Physics

A prize of ten dollars in gold given by Mr. J. I. Lyle to the pupil who has done the best work in Physics during the year.

Prize—David Gildea
Honorable Mention—Walter Buy

2. Chemistry

A prize of ten dollars in gold given by Mr. Levis M. Booth to the pupil who has done the best work in Chemistry during the year.

Prize—George Hennig

Honorable Mention—Lawrence LeManquais

Home Economics Prize

A prize of ten dollars in gold given by Mrs. J. M. Charles, to the pupil who has done the best work in Home Economics through three years.
